

From The Engineer-in-Chief, Haryana  
Public Health Engineering Department  
Panchkula

To All Superintending Engineers  
Public Health Engineering Circles  
In Haryana State.

Memo no. [3997-140] -PHE/Pg Dated 01.10.2012

Subject Implementation of Haryana State Rural Water Policy-2012 and  
Revenue Collection in Rural areas.

In this connection, it is intimated that Public Health Engineering Department has notified Haryana State Rural Water Policy-2012(HSRWP-2012) on 07.06.2012. As per HSRWP-2012, individual household connections will be provided to 50% rural population by the end of the 12<sup>th</sup> five-year plan and all consumers having un-metered water connection will have to install the meters of reputed make with ISI marked having good performance at their own cost.

Further, it has been observed that revenue collection in rural areas has been insignificant. In fact, no real effects have been made by the field functionaries to raise bills & collect water charges.

In order to enhance revenue collection during the current financial year and to convert un-metered water connections to metered connections as per HSRWP-2012, the Division wise targets have been fixed and field officers are requested to regularize connections for 30% households in each division by providing metered connections & achieve the targets by 31.03.2013. The abstract showing division wise targets is attached.

I have been directed to request you to take the following action in their jurisdictions as below:-

- 1) Fix the revenue targets division wise in rural areas
- 2) Regularize connections for 30% households in each division by providing female & metered connections.

Further, the position for the above targets may be monitored with the EEs every month & ensure that the targets for the above two items be achieved by 31.03.2013. A copy of the targets fixed for item No -1 may be sent to head office and along with month wise action plan for both the items. This information may be furnished to head office latest by 10.10.2012.

DAVAs Above

  
Executive Engineer (Mont.)
